

**Lift Corns Out With Fingers**  
**Don't Hurt a Bit—Magic!**

Few drops stop soreness, then the corn or callus lifts off. No humbug!

This tiny bottle holds the wonder of wonders. It contains an almost magical drug called freezone. It is a compound made from ether.

Apply a few drops of this freezone upon a tender, aching corn or a hardened callus. Instantly the soreness disappears and shortly you will find the corn or callus so shriveled and loose that you just lift it off with the fingers. It doesn't hurt one particle. You feel no pain when applying freezone or afterwards. It doesn't even irritate the skin.

Just ask in any drug store for a small bottle of freezone. This will cost but a few cents but will positively rid your poor, suffering feet of every hard corn, soft corn, or corn between the toes, or calluses on bottom of feet. Just think! Corns fall off!

## RAISE RATE ON LOANS TO ALLIES

**McAdoo Reasons Step Necessitated by Increased Cost of Borrowing Money.**

Washington, March 8.—The interest rate on loans to allies has been raised from 4 1/4 to 5 per cent. as a result of the recent increase in the rate on certificates of indebtedness from 4 to 4 1/2 per cent.

Since it now costs the United States government more to borrow money, Secretary McAdoo felt it necessary to charge more for the allied loans. The difference of half per cent. between the borrowing rate and the loaning rate is to cover the expense to this government of raising the funds, and to account for the tax losses involved in the issuance of certificates which are free from certain kinds of tax levies.

The interest rates on allied loans have risen gradually from 3 per cent. on the first credits last April when the government was borrowing at that rate on certificates.

## KAISER'S SON AS KING OF FINLAND

London, March 8.—The Finnish government has agreed to appoint Prince Oscar, fifth son of the emperor, king of Finland, the Aften Tidningen, of Stockholm, says it learns from diplomatic circles there.

Prince Oscar of Hohenzollern will be 30 years old next July. On July 31, 1914, Prince Oscar, apparently against the wishes of his father, contracted a morganatic marriage with Countess Ina Dussanewitz, who had been lady in waiting to the empress.

Prince Oscar suffered from heart trouble during the early months of the war and was reported to have collapsed after leading a victorious charge at Verdun on Oct. 3, 1914. He returned to duty and narrowly escaped capture in Poland in December of that year. There were few reports concerning his activities during 1915, but early in 1916 he was slightly wounded in the head and thigh on the eastern front.

## AUSTRIANS NOT MENDING WAYS

New York, March 8.—Relations between Austria-Hungary and Germany have not been improved by the recent strike movements in Austria-Hungary and by the various editorials and speeches explaining the strike as a protest against the annexationist propaganda of the pan-Germans, as is shown by the comments in the German press in the latter part of January. Newspapers, such as the Cologne Gazette, resent the attitude of the Viennese and lament the utterances they made, declaring that the cause of peace was not served by them.

A significant feature in the German press comments is the fact that a discussion has been precipitated as to which of the two countries had rendered the greater service to the other during the war.

The Berliner Tageblatt of Jan. 25 says there are many people in Germany who claim that the peoples of Austria-Hungary seem to forget only what the German nation and army have done for them. These persons, the Berlin paper says, are the same classes who by their attitude have injured Germany so immensely in the eyes of the world and have alienated cordial friendships. They are also to be thanked for the fact that the almost excessive sympathy which everywhere in Germany was viewed in Austria during the first year of the war has not been retained in its unalloyed purity.

**Austrians Cannot Forget.**

But the people of Austria, says the Berlin paper, cannot forget that in their liberated territories, extending from Bukovina and the snow-covered Carpathians to the southern borders, there rest beside their own sons, thousands of German men and youths.

The Tageblatt then proceeds to explain that the German government follows no annexationist scheme and that any misunderstandings were caused by the German proposals at the Brest-Litovsk conference regarding the future of Poland, Lithuania, Courland, Livonia and Estonia. It adds that later the German government declared it did not desire to annex the territories, but intended only to conclude treaties with such sections as seceded from Russia.

## TEN THOUSAND CANE FIELD WORKERS STRIKE

San Juan, P. R., March 8.—Ten thousand cane field laborers in the eastern end of the island are on strike, causing the closing down of three sugar centrals. The men declare they are tired of waiting for action by the labor officials at Washington which would determine whether a general strike would be called.

## LORD READING PAYS PRESIDENT TRIBUTE

New York, March 8.—A high tribute to President Wilson was paid by Earl Reading, Great Britain's special ambassador to the United States, in an address here last night in the presence of 1,000 members of the merchants' association, which gave a luncheon at which he was guest of honor.

Asserting that he doubted whether it was realized in Europe how signal was the moral force in this country in the prosecution of war for liberty and a higher moral elevation for humanity, Earl Reading declared of the president: "No human being has the faculty of stating in better language the true nature of those ideals than your president, who speaks for you. We in Europe have come to look to those words of his and to cherish them as representing to us the unalterable determination of America once it has commenced to war in vindication of right, never to sheathe the sword until it has conquered. We know that the words spoken by your president are words upon which we can build. We do. They are messages of hope and comfort to us."

## PATROL FIGHT IN NO MAN'S LAND

With the American Army in France, Wednesday, March 6. (By the Associated Press.)—An American patrol of five men three nights ago outfought an enemy patrol of ten men. They met in No Man's Land and the Americans opened fire. The Germans replied and for three minutes there was a sharp skirmish. The enemy retreated, leaving two dead and two wounded Bavarians, who were made prisoners. The American patrol returned to its own lines without having received a scratch.

Officers report that despite the fact that the Germans fired many shells to prepare the way for a raid, not a single enemy soldier got into position to carry it out. A German automatic rifle, machine guns and rifles stopping the Germans in their tracks.

## WOULD WELCOME AID OF CHINESE

London, March 8.—Japan, according to a dispatch from Tien Tsin to the Daily Mail, is reported to have indicated that she would welcome Chinese co-operation in the event that extreme measures were necessary in Siberia, thus desiring to demonstrate her unselfishness.

The Chinese government, it is added, is said to have obtained documentary proof that the Germans have made definite offers of assistance to Russian revolutionaries if they would cause trouble. The documents are reported to mention Germany's intention to use released German prisoners in Siberia against the Chinese northern frontier.

## KRYLENKO RESIGNS AS COMMANDER-IN-CHIEF

London, Thursday, March 7.—Ensign N. Y. Krylenko, commander-in-chief of the bolshevik army, has resigned, according to an Exchange Telegraph dispatch from Petrograd. The resignation was brought about owing to differences of principle between Krylenko and the council of people's commissaries, as well as a disagreement with the latest actions of the council.

A Berlin dispatch received in London on Feb. 25 reported that Gen. Bonch-Brujevitich had been appointed to succeed Krylenko as commander-in-chief, but there was no confirmation of this report from Russian sources.

## OFFENSIVE TO BE LAUNCHED SOON

**"Reliable Dispatches From Switzerland" Forecast End of German Preparations.**

Washington, March 8.—Italian official dispatches today, transmitting "reliable dispatches from Switzerland," say it is evident that the "central powers have completed their military preparations and that the beginning of the offensive against the entente is imminent."

"Everything goes to indicate that the operations of Germany in France will be simultaneous with the offensive in Italy," say the dispatches. From the same sources it is learned that Austro-Hungarian troops have already been concentrated in very large numbers along the entire Italian line and that "strong contingents are still moving to our fronts."

## DROP BOMBS ON AMERICAN FRONT

With the American Army in France, Thursday, March 7.—(By the Associated Press.)—A half dozen bombs were dropped behind the American front in the sector northwest of Toul last night by German aircraft which were looking for ammunition dumps. They did not succeed in hitting any of their objectives, however, and none of the bombs dropped caused any casualties.

Groups of German bombarding aircraft, on the way to cities and towns far behind the lines, are passing over the American front almost continuously. They are greeted by a hot antiaircraft fire from the American batteries.

## FIFTY-THREE CAPTURED. BERLIN (Via London), March 8.—In reconnoitering operations yesterday, fifty-three Belgian and British soldiers were captured, the war office announces.

## AMERICANS IN ROME TO STUDY ECONOMIC STATUS

Rome (Thursday), March 7.—Oscar T. Crosby, of Washington, president of the American section of the International council, and Paul D. Cravath, his legal adviser, have arrived in Rome to study the economic situation.

**\$15.00—NO LESS—AS FRIEDMAN'S GO, SO GOES THE FASHION—\$20.00—NO MORE**

## There's Quality and Style

in Friedman's Clothes at

**\$15 and \$20**

that you won't find elsewhere in clothes selling for less than \$20.00 to \$35.00. It stands to reason, therefore, that to buy your clothes at Friedman's is to practice REAL economy.

There's no excuse for looking shabby just because you don't think you ought to buy a new suit—wearing your old "seedy" looking suit another season is not practicing economy.

A man, to command the respect of his fellows, must have a neat appearance—men, and there are thousands of them, who wear Friedman's \$15 or \$20 suits always have the appearance of being well-dressed, and while the quality of material and workmanship are as perfect, the cost of always looking neat and prosperous is much less for those who buy Friedman's Clothes than for those who buy elsewhere.
